

1601 MARIPOSA

BOUTIQUE NEIGHBORHOOD RETAIL
IN THE HEART OF POTRERO HILL

Developed by

 **RELATED**

THE OPPORTUNITY

Related California is excited to introduce 1601 Mariposa, a collection of 299 finely-appointed residences, ~7000 SF of neighborhood serving retail, and ~2100 SF of production, distribution and repair (PDR) space as a highly anticipated addition to the thriving and coveted Potrero Hill Neighborhood.

As an extension of the 18th Street Retail corridor, 1601 Mariposa forms a lush pedestrian connection from 18th Street to Jackson Park through a unique paseo envisioned by local landscape architect, and Potrero Hill resident, David Fletcher.

This limited offering of retail and PDR space will feature dramatic ceiling volumes, thoughtful storefronts, abundant natural light, and opportunities for indoor/outdoor seating along 1601's newly designed public realm. Construction is currently underway, anticipated to deliver retail / PDR shell space as early as 1Q 2019 with first residential move-ins projected for Summer 2019.

THE MARKET GROWTH

Potrero Hill, alongside the Mission, Showplace Square, Dogpatch, and Mission Bay, are all experiencing historic levels of interest and investment as new housing, office, retail, food and beverage, transit infrastructure and sports and entertainment venues have collectively led the maturation of this dynamic submarket.

The 3rd Street corridor will soon be home to the Golden State Warrior’s new Chase Center basketball arena (opening 2019-20 season), and many thousands of highly skilled workers will soon call the neighborhood home.

This significant growth is better underscored by the following key projects:
